#### Truth Alone Triumphs - Global Enterprises

Our mission is to continue our global outreach and positive influence by connecting the right people with the right organizations around the world, creating a “Whole greater than the sum of its parts” (Aristotle). Thus creating game changing synergies between countries by promoting new and relevant initiatives between Educational institutions, global business and faith leaders, and to assist in the global outreach and positive influence of music as the universal language of peace and love.

#### The Religious Freedom & Business Foundation (RFBF)

is the preeminent organization dedicated to educating the global business community, policymakers, non-government organizations and consumers about the positive power that faith — and religious freedom for all (including those with no religious faith) — has on business and the economy.

The economic value and social benefits of robust religious diversity and liberty are tremendous. RFBF believes that business and religious freedom combine to form a powerful force for a better world. Through groundbreaking expert research, training programs, practical business tools and convening interfaith dialogue, RFBF helps demonstrate the critical link between respect for faith, successful enterprise and dynamic national economies. RFBF’s pioneering work serves as a catalyst for executives to promote Freedom of Religion or Belief for all people through employee programming, customer-facing policies, and leveraging their broader societal influence
